

Plot Structure of the Story of Daniel (Part 2)

You are creating **two** separate plot structures one for chapter 3 and the other for chapter 6. Determine the major **conflict** that Daniel faces in these chapters (the conflict that the whole story revolves around) in one complete sentence. Then number your paper 1-6 and identify the chapter and verses for the each of the points on the plot structure (make sure every verse is included). Next, in 2-3 complete sentences summarize what happens for each of the points on the plot structure (do not quote the Scriptures). Remember that it is all right if stages 3 and 4 are combined but you must have a good reason. (Times New Romans, 12 pt, 1-inch margins, single-spaced.)
